MHM Limited (Japan)

gresham@mhmlimited.co.jp

What others are saying about Eggs...

'The proposed content of the book is excellent - an outstanding and comprehensive compilation of current knowledge by the world's foremost experts, on a topic that is highly relevant. This will be a must-have reference resource for egg producers, poultry scientists, food scientists, government regulatory agencies, and students. Congratulations - this is a major scholarly contribution to your colleagues and peers everywhere.' **Emeritus Professor Robert F. Wideman, Center of Excellence for Poultry Science, University of Arkansas, USA**
